

NOTICE OF SETTLEMENT APPROVAL HEARING IN THE CANADIAN LITHIUM BATTERY CLASS ACTION

**TO: Persons in Canada who purchased a Lithium Battery
or certain products containing a Lithium Battery
between January 1, 2000 and January 1, 2012.**

PLEASE READ THIS NOTICE CAREFULLY. IT MAY AFFECT YOUR LEGAL RIGHTS.

I. WHAT IS A CLASS ACTION?

A class action is a lawsuit filed by one person on behalf of a large group of people.

II. WHAT ARE THESE CLASS ACTIONS ABOUT?

Class action lawsuits have been commenced in Ontario, British Columbia, and Quebec alleging that the defendants conspired to fix prices in the market for lithium-ion batteries ("LIB") in Canada (collectively the "LIB Proceedings"). The LIB Proceedings ask that the courts require these companies to return any extra money that they may have received due to this alleged conspiracy.

III. WHAT SETTLEMENTS HAVE BEEN REACHED IN THE CLASS ACTIONS?

A settlement is when a defendant agrees to pay money to the members of the class action in exchange for being released from the case.

LG Chem, Ltd. and LG Chem America, Inc. (collectively, "LG Chem") have agreed to settle the LIB Proceedings for USD \$3,900,000 (converted to approximately CDN \$5,100,000) in exchange for a full release of the claims against them relating to the alleged price-fixing of LIB.

Toshiba Corporation, Toshiba America Electronic Components, Inc. and Toshiba of Canada Limited (collectively, "Toshiba") have agreed to settle the LIB proceedings for CDN \$264,759.67 in exchange for a full release of the claims against them relating to the alleged price-fixing of LIB.

The settling defendants have also agreed to provide cooperation to the plaintiffs in pursuing the LIB Proceedings against the remaining defendants. These settlements are a compromise of disputed claims and the settling defendants do not admit any liability, wrongdoing or fault.

The LG Chem settlement is subject to court approval in both Ontario and Quebec. The Toshiba settlement is subject to court approval of the Ontario court only. The approval hearings will take place in the Ontario court in the city of Toronto on June 5, 2019 and in the Quebec court in the city of Montreal on July 5, 2019. The courts will decide whether the settlements are fair, reasonable, and in the best interest of settlement class members.

Previous settlements have been achieved with:

- NEC Corporation and NEC Tokin Corporation (“NEC”) for CDN \$50,000;
- Samsung SDI Co., Ltd. and Samsung SDI America, Inc. (“Samsung”) for USD \$2,200,000; and
- Sony Corporation, Sony Energy Devices Corporation, Sony Electronics, Inc. and Sony of Canada Ltd. (“Sony”) for CDN \$4,500,000.

Those settlements have received court approval and the settlement funds are being held in trust for the benefit of settlement class members.

IV. WHO IS AFFECTED BY THE SETTLEMENTS?

The LIB Proceedings were certified or authorized as class proceedings as against LG Chem and Toshiba for the purposes of implementing the settlement agreement. If you are in the settlement class, you are affected by the settlement.

The settlement classes are defined as persons in Canada who purchased LIB (excluding LIB designed to be installed in vehicles) and/or the following products containing LIB: notebook or laptop computers, cellular phones including smartphones (excluding cellular phones acquired as part of a cellular phone service contract), tablet computers, e-book readers, MP3 players, personal digital assistants, handheld GPS, handheld video players and/or lithium ion battery packs, between January 1, 2000 and January 1, 2012, except the defendants and certain entities related to the defendants. The Toshiba settlement class also includes purchasers of cameras and power tools containing LIB.

V. WHAT STEPS SHOULD I TAKE NOW?

If you want to be a member of the LIB Proceedings, you do not need to do anything. However, there are two steps that you should take to protect your legal rights:

1. You should keep records of any purchases of LIB and/or products containing LIB between January 1, 2000 and January 1, 2012. Records include invoices, receipts and bank statements.
2. You should register online at www.siskinds.com/batteries/ or at www.recourscollectif.info/en/cases/batteries/ to receive updates about the LIB Proceedings.

Settlement class members who do not oppose the proposed settlements need not appear at the settlement approval hearings or take any other action at this time.

If you want to oppose the proposed settlements or speak to the court at the hearings listed above, you must send your written submissions to the appropriate class counsel at the addresses listed below, postmarked no later than May 26, 2019. Your written submissions must include the following:

1. your full name, current mailing address, fax number, telephone number and email address;
2. a brief statement of the nature or the reasons for objection;
3. your signature or the signature of your legal agent confirming your instructions; and

4. a statement as to whether you intend to appear at the settlement approval hearing in person or by counsel, and if by counsel, the name, address, telephone number, fax number and email address of counsel.

Class counsel will forward all such submissions to the appropriate court. All written submissions will be considered by the appropriate court. If you do not send a written submission by May 26, 2019, you may not be entitled to participate in the settlement approval hearings.

If you want to attend the hearings, please contact class counsel for additional details.

VI. WHAT HAPPENS TO THE MONEY PAID UNDER THE SETTLEMENTS?

At this stage, the settlement funds (minus approved fees and expenses) will be held in an interest-bearing trust account. At a later date, the courts will decide how the settlement funds will be distributed and how you can apply to receive money from the settlement. Watch for another notice explaining how to claim money from the settlement. Register online at www.siskinds.com/batteries/ or at www.recourscollectif.info/en/cases/batteries/ to ensure that you are sent this notice by email or direct mail.

VII. WHAT IS THE STATUS OF THE CONTESTED LITIGATION?

In Ontario, the contested litigation is continuing against: Panasonic Corporation, Panasonic Corporation of North America, Panasonic Canada Inc., Sanyo Electric Co., Ltd., Sanyo North America Corporation, Sanyo Energy (U.S.A.) Corporation, Hitachi, Ltd., Hitachi Maxell, Ltd., Maxell Corporation of America, and Maxell Canada.

A national class was certified in Ontario on behalf of all persons in Canada. This means that the action can proceed as a class action and the common issues (as defined in the certification order) will be determined in a single proceeding on behalf of members of the Class. The Class is defined as:

All persons in Canada who, between January 1, 2000 and December 31, 2011 (the "Class Period"), purchased a Lithium Battery* manufactured by the Defendants and/or any of the following products containing a Lithium Battery manufactured by the Defendants: (1) notebook computer**; (2) cell phones, including smartphones***; (3) tablet computers; (4) e-book readers; (5) MP3 players; (6) personal digital assistants; (7) handheld GPS; (8) handheld video players; and/or (9) lithium ion battery packs (collectively "LIB Products"). Excluded from the class are the Defendants and the Defendants' present and former parents, predecessors, subsidiaries and affiliates, and any person who timely and validly opts out of the proceeding.

*a Lithium Battery is a rechargeable battery cell which uses lithium-ion technology.

**for greater certainty, a notebook computer includes a laptop computer

***excluding cell phones acquired as part of a cellular phone service contract.

In Quebec, the contested litigation is continuing against: Panasonic Corporation, Panasonic Corporation of North America, Panasonic Canada Inc., Sanyo Electric Co., Ltd., and Sanyo North America Corporation.

In a separate motion in Quebec, the Quebec proceeding was authorized (certified) on behalf of persons resident in Quebec.

The Quebec class is defined as:

All persons who purchased, in Québec, between February 24, 2004 and September 30, 2008, one or more rechargeable lithium-ion Batteries (“Batteries”) or one or more products equipped with one or more Batteries, excluding, however, Batteries to be installed in an automobile or other vehicle and vehicles equipped with such batteries.

In Ontario, the non-settling defendants have sought leave to appeal to the Supreme Court of Canada in relation to whether purchasers of LIBs manufactured by non-defendants have a cause of action and are properly included as part of the class.

Following the resolution of the leave motion and any resulting appeal in the Ontario action, the Ontario class will be amended to exclude Quebec residents and any other amendments necessary. Any such amendments will not affect the scope of the settlement classes.

VIII. WHAT IF I DON'T WANT TO BE IN THE CLASS ACTIONS?

The deadline to opt out or exclude oneself as a settlement class member in the LIB Proceedings has passed.

As an individual, you do not have to pay the lawyers working on the LIB Proceedings any money. The lawyers will be paid from the money collected in the LIB Proceedings. The Ontario and Quebec courts will be asked to decide how much the lawyers will be paid. The lawyers will collectively be asking that the courts approve legal fees of up to 25% of the settlement funds, plus disbursements and applicable taxes. Any approved legal fees will be paid out of the settlement funds. Class counsel reserve the right to ask the courts to allow class counsel to use the settlement funds to pay for any future adverse costs award or future disbursements. At a later date, class counsel will ask the courts to approve the distribution of the remaining settlement funds to settlement class members.
